### Respectfully Submitted for the Board Of Prison Commissioner Meeting

I am 67 years old and I have come a long way from my family home in the East Coast and from semi-retirement to live and work here in Nevada in order to be close to my son currently incarcerated at NDOC's High Desert State Prison facility. I don't drive, so friends would kindly drive me back and forth a few times in the month in order to visit him on the weekends. The new weekday visitation schedule upends what I have worked out with my friends for the weekends when they are off work. These visits with my LO are important to me and my family. We are a closely knit family despite the distance and we are committed to being in touch with our loved one and being there for him through this time. I hope HDSP will reconsider this drastic change in scheduling that will disadvantage many family members and their incarcerated relative,

Thanking you for your consideration,

Sincerely,

Rita Dixit Kubiak
